

08

Closing ceremonies finish the event. We will recognize the volunteers, the hard work of the community, and remind ourselves to continue to fight until cancer is no more.

01

Relay participants are welcomed in the opening ceremony.

02

The Survivor Lap begins. Survivors and those currently affected by cancer walk the track while being cheered and supported by everyone in attendance

07

Darkness symbolizes the fear a cancer patient feels. After sunset we light luminarias to remember those we have lost, celebrate survivors, and show they are not alone.

06

When not walking, participants participate in games, activities and entertainment while learning how to be a better advocate.

05

Team members take turns walking throughout the event, to symbolize the ongoing fight against cancer.

04

After the survivors and caregivers take their laps, our teams pour onto the track to begin the celebration.

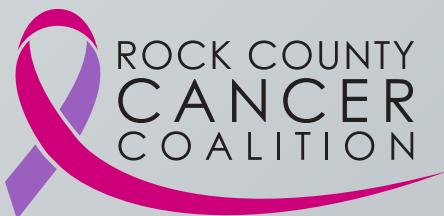

03

The Caregiver Lap recognizes those who have provided support to their loved ones during their cancer treatment.

# WHAT TO EXPECT AT THE ROCK COUNTY CANCER WALK *for love*

## Telfer Park/Pohlman Field Beloit, WI Saturday May 20th 12pm - 9pm
